It soon for me a day -
That all the life thou art my life -
The world is but a dream -
May blait by time and space -
That health and each day's blessing
May find a place in my heart -
And when the life is over
May meet in Heaven's light once more

By the way we counted 6 miles with
our light - if you attend me, in
back row of the day it is by my
company, and cheer me on that way
